

SIG-Neuropathic pain 2021-2022- Activity:

The main objective of the SIG is to publish guidelines on diagnosis and treatment of neuropathic pain
The guidelines have not been revised yet.

Miscellaneous:

No SIG meeting during the year was scheduled for the members in the absence of new points to discuss that could not be done by email.

PD Dr Marc Suter, head of the SIG neuropathic pain, 50.10.2022
